Park Ave Crossing at Grade Renewal

PSR 1291 Park Avenue Road crossing is experiencing a degraded roadbed infrastructure issue that is affecting the safe passage of pedestrians. If a crossing renewal is not made, the roadbed substructure will continue to degrade which would affect the safe passage of vehicular and LRV traffic. Park Avenue Road crossing is a tub system in which crossing tubs are placed on a graded, compacted roadbed, rails are housed with a concrete insert that secures the rails through the grade crossing.

Details

Posting Number	2022-Q2(Apr-Jun)-CATS-8474
Anticipated Posting Date	2022-05-05
Commodity Code(s):	55006, 55923
