Airfield Crack Sealing Repairs

Charlotte Douglas International Airport is seeking a contractor to perform crack sealing on CLT's airfield. The work performed on the airfield will include working on runways, taxiways, aprons, and areas around the terminal ramp. The working hours for this project will be from 11:15 pm to 5:30 am. The contractor will be required to provide all materials, equipment, labor to install crack sealant and cleaning for the work area. The airport will furnish and install the required barricades for this project.
