

Charlotte Area Transit System / General Services

ATS Employee Safety Culture Survey

As part of FTA-mandated Agency Safety Plan (ASP) regulations 49 CFR 673, CATS needs to conduct an agency wide safety survey to all its employees to provide a baseline safety culture. This baseline will allow CATS to identify GAPS in the ASP and enhance the document to ensure safety issues and programs identified by employees are included. It is our intent to conduct future pulse check surveys in order to track changes in the safety culture over time. PSR-908
