Charlotte Department of Transportation / General Services

Citywide Trip Hazard Removal Services

The Charlotte Department of Transportation (CDOT) Street Maintenance Division (SMD) is responsible for the maintenance of more than 2,200 miles of sidewalks and more than 7,000 accessible ramps within the City of Charlotte. The scope of this work consists of the removal of concrete tripping hazards from sidewalks, curb ramps, and concrete curbing that the City agents have identified. All work produced must be compliant with the Americans with Disabilities Act (ADA) requirements for slope and Occupational Safety and Health Administration requirements for traction. The company will be responsible for all traffic control in accordance with the most recent Work Area Traffic Control Handbook (WATCH). Any debris resulting from the removal of trip hazards must be removed in a legal manner.

Details
