Charlotte Water / Architectural / Engineering Services

Collaborative Delivery Support Services

Charlotte Water (CLTWater) is soliciting Statements of Qualifications from qualified companies to provide Collaborative Delivery Support Services for various CLTWater and Storm Water Services projects. CLTWater and Storm Water Services conduct several collaborative delivery projects each year. The departments are seeking a consultant to provide various services to support internal staff with the implementation of these collaborative delivery projects. Services will be related to helping the departments develop internal processes and procedures, advising staff through Guaranteed Maximum Price negotiations and reviews, and provide training for staff, all in an effort for continuous improvement, standardization, and staff development. Additional services may be required depending on the need that arises or the individual collaborative delivery project.
