

Department of General Services / Construction

Hidden Valley Firehouse #45

Design and construct a new 2-story, 3-bay firehouse at 14,626 square feet, to be located at 5800 North Tryon Street. This facility will be a new infill firehouse that will alleviate high call volume for surrounding firehouses. A new firehouse must be built when a new “point of dispatch” is required in order to meet response time standards. The proposed facility will be located on a 2.03-acre parcel that facilitates the redevelopment of abandoned/underutilized sites and vacant sites. This location and site selection shall meet the City of Charlotte Policy for Sustainable City Facilities and Charlotte Fire Department Facilities Master Plan. This project will pursue LEED certification. The site will incorporate solar panels and a geothermal well system with water source heat pumps.

Details

Posting Number 2022-Q4(Oct-Dec)-DGS-7013

Anticipated Posting Date 2022-10-01

Commodity Code(s): 91200, 91219, 91244, 91319, 91345, 91347, 91356, 91394, 91430, 91438, 91450, 91455, 91468, 91473, 98814, 98852

Requirements

Last Updated: 05/31/22

Estimated Total Value

The total project value is anticipated to be:

\$5,000,000 - 9,999,999

Contract Term

The term of the project is anticipated to be:

- Through Project Completion

Insurance Requirements

The City requires the awarded vendor(s) to obtain and maintain the following insurance coverage types:

- Automobile-For automobile operations liability
