Overflow Lots 1 and 2 Crack Sealing (Construction)

This project will consist of approximately 75,000 LF (not to exceed) of crack sealing in Overflow Parking, Lots 1 & 2. The contractor will properly remove/clean vegetation and debris from cracks and hot pour crack seal in running/random cracks throughout each lot. Heavily alligator cracked areas will be excluded in lieu of asphalt patching under separate contract. These areas will be identified on site prior to commencement of work. Cleaning and sealing of concrete at concrete/asphalt joints (at curbs and islands) are not included. Parking Lots will be empty and clear of vehicles during this work
